Shirogane Onsenkyo Mori no Ryotei Biei Hot Spring Hotel

A Japanese-style hotel characterized by the forest surroundings of Biei Shirogane and warm hospitality.
The scent of the wood from which the hotel's sukiyazukuri-style building (a residential genre influenced by teahouse architecture) is made and the hotel's free-flowing natural hot spring water are ideal for rest and relaxation.
The Mori no Ryotei Biei Hot Spring Hotel places high value on this quintessentially Japanese experience.
This cozy 17-room hideaway provides pleasant spaces where guests can relax and escape from the everyday chaos of daily life.
Enjoy a luxurious experience with someone special in these quiet forest surroundings that change with Biei's seasons.

The first class rooms with hot spring open air bath (5,annex)

These are single-story stand-alone sukiyazukuri-style units. Each includes an exclusive approach, a basin and a hot spring open-air bath with a separate washing space. Visitors have a choice of either 1) rooms featuring tatami-mat and wooden floor spaces with two low beds, or 2) pure Japanese-style rooms with a 10-tatami-mat space and futons (Japanese floor mattresses). Rooms are 10 - 13 tatami mats in size (capacity: 3 people; a futon is provided for the third guest).

The second class rooms with hot spring open-air bath(7, main building)

These rooms are situated on the first and second floors of the hotel's authentic sukiyazukuri-style wooden building. Each includes a hot spring open-air bath with a separate washing space and an apre`s-bath balcony. The bathtub is made of Japanese cypress and has the fresh aroma of wood. Guests can really make themselves at home here. The Japanese-style rooms have tatami-mat and wooden floor spaces. Rooms are 11 - 14 tatami mats in size (capacity: 3 people; a futon is provided for the third guest).

The third class rooms (3, main building)

These rooms have a 6-tatami-mat space and a wooden floor space equivalent to 8 tatami mats in area. Four legless chairs are provided for the ultimate in comfort. Rooms are 14 tatami mats in size and suitable for four people, making them ideal for families and groups. There is no hot spring bath in room.

The fourth class rooms (2, main building)

These modern Japanese-style twin rooms feature a separate bath and toilet and two low beds on a wooden floor equivalent to 10 tatami mats in area. They are ideal for couples. There is no hot spring bath in room.
